

Photo and media use consent

During this project or event, photographs and/or videos may be taken of participants.

These photos or recordings may be used for purposes related to the project, including:

- Educational presentations and workshops
- Research publications and academic journals
- Project reports or documentation
- Websites and online platforms
- Social media platforms
- Promotional or informational materials related to the project

Participation in photography is **voluntary**. You will **not receive financial compensation** for the use of these images. Images will be used respectfully and only for purposes related to the project.

Consent

Please select one option below: *

- ☐ I consent to having my photograph and/or video recorded and used for the purposes described above.
- ☐ I do not consent to having my photograph and/or video recorded or used.

Declare your consent by filling out your first and last name. *Your name will be only accessible to the organizers of this workshop and will be deleted from our records within a week of the workshop, once confirmations of consents have been captured **

By selecting an option above, you confirm your choice regarding the use of your image.

Thank you for taking part in this session. We appreciate your participation and engagement in learning about how to build a low-field MRI scanner. We hope you enjoyed the event and found the training informative and inspiring.
