

Open Science Office Hours Brain Imaging Educational Workshop: **Post-training Survey**

Thank you for participating in the **Brain Imaging Educational Workshop** at the [Open Science Office Hours \(OSOH\)](#) of the **Montreal Neurological Institute**, in collaboration with the [MIND Lab at The Neuro](#).

This survey helps us improve workshops like this for more people to learn about brain imaging. Today you built a low-field MRI scanner that can be used for brain imaging.

Your participation in the survey is voluntary. No personal information will be collected. Any email address you provide is only used to check for duplicate entries and will be deleted immediately after.

Thank you for participating, and we hope you enjoyed the workshop!

A Bit About You

1. Which university or institution do you attend?

Check all that apply.

- ☐ McGill University
- ☐ Concordia University
- ☐ Université de Montréal
- ☐ Université du Québec
- ☐ École de technologie supérieure (ÉTS)
- ☐ Other: _____

2. Are you a student, a faculty, a physician?

Mark only one oval.

- ☐ Undergraduate Student
- ☐ MSc Student
- ☐ PhD Student
- ☐ Postdoc Fellow or Associate
- ☐ Radiology Resident or Fellow
- ☐ Radiographer / MRI Technologist
- ☐ Research Faculty / University Professor/ Group Leader
- ☐ Industry Partner
- ☐ Other:

3. What is your program or department?

Mark only one oval.

- ☐ Neuroscience
- ☐ Biological and Biomedical Engineering
- ☐ Physics/ Electrical Engineering
- ☐ Postdoc Fellow or Associate
- ☐ Computer Science/ Software Engineering
- ☐ Other:

4. Do you have any experience or background in one of these MRI disciplines*Mark only one oval.*

- ☐ MRI Physics - Image Analysis
- ☐ MRI Physics - Pulse programming
- ☐ MRI Engineering
- ☐ MRI Clinical Application / Practice
- ☐ Other MRI Disciplines
- ☐ No experience or background knowledge

Your Experience with MRI Engineering and Construction of an MRI Scanner**5. What field strength do you work regularly on?***Mark only one oval.*

- ☐ Less than 0.5T
- ☐ 0.5 - 1.0T
- ☐ 1.5T
- ☐ 3T
- ☐ 7T and higher
- ☐ None - today is first experience with MRI
- ☐ Other:

6. **Have you ever taken part in assembling or constructing an MRI scanner, besides today's workshop?**

Mark only one oval.

- ☐ Yes - low-field MRI
- ☐ Yes - high field MRI
- ☐ No - never constructed an MRI scanner before
- ☐ Today, was first time
- ☐ Unsure
- ☐ Other:

7. **What parts of the MRI Scanner did you work on during Today's Open Science Office Hours LF MRI Workshop?**

Mark only one oval.

- ☐ Magnet Assembly
- ☐ Field Map Robot Assembly
- ☐ None

8. **Did your knowledge of Low-field MRI improve, remain the same or got worse after the workshop?**

Mark only one oval.

- ☐ Improved
- ☐ Did not Change
- ☐ Got Worse
- ☐ Unsure

9. **How would now rate your knowledge of the following MRI Engineering concepts?**

Check all that apply.

	Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree
Type of MRI Magnets	☐	☐	☐	☐	☐
Understand Halbach Arrays	☐	☐	☐	☐	☐
Design and assembly a LF MRI scanner	☐	☐	☐	☐	☐
Scanner homogeneity	☐	☐	☐	☐	☐
MRI Field Mapping	☐	☐	☐	☐	☐

10. **If this workshop would run again in Montreal would you participate and invite your friends and colleagues to participate?**

Mark only one oval.

- ☐ Yes
- ☐ No
- ☐ Unsure

11. **What did we do well?** (optional)

12. **What Could we do better?** (optional)

O On behalf of Open Science Office Hours (OSOH) and the Montreal Neurological Institute, we thank you for participating in the Brain Imaging Education Workshop and the low-field MRI hands on tutorial.
